

# V COIMBRA INTERNATIONAL CONFERENCE ON HUMAN RIGHTS: A TRANSDISCIPLINARY APPROACH

Coimbra/Portugal – October 13, 14 and 15, 2020

## ANNOUNCEMENT

The Organizing Committee of the “V Coimbra International Conference on Human Rights: a transdisciplinary approach” informs all interested parties that it is monitoring the global developments of the COVID-19 pandemic and responsibly following all decisions published by the Rectorate of the University of Coimbra, as well as by national and international health organizations. As such, plans continue to be executed to hold the Congress ON-SITE, according to the schedule published in the Call for Abstracts, in particular the deadlines for submission of abstracts by **June 8, 2020**, as well as the start of registrations, as of **June 30, 2020**. In the event that there are restrictions or impediments to the Congress being held on-site on October 13, 14 and 15, 2020, the Organizing Committee will present all participants and interested parties with alternatives for virtual presentation of the papers in the Symposia, on the same scheduled dates.

The Organizing Committee thanks you for your understanding and wishes everyone the best of health, reminding everyone of the importance, in these even more challenging times, of Article 1 of the Universal Declaration of Human Rights, according to which “they (...) should act towards one another in a spirit of brotherhood”.

Coimbra (Portugal), May 22, 2020.

---

On behalf of the Organizing Committee
